

# Kindergarten News

Hello families,

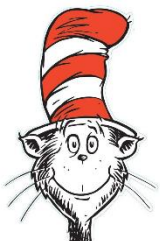

This week we celebrated Read Across America Week. In Kindergarten we read many books by Dr. Seuss. They are a great practice for rhyming words and other skills we practice in Kindergarten (and they are tons of fun!). Each day we wrote about the books that we read. This week we started our next science unit learning about snails. We have continued to talk about shapes, thinking about their attributes and how to describe them. As our weather continues to fluctuate please remember to continue to send hats and gloves, it is still quite chilly out for our morning recess.

Have a wonderful weekend!

-Ms. Sherratt

## This week we learned about...

- Responding to stories that we have read.
- Describing 2D and 3D shapes by attributes.
- Making an equation and drawing a picture to match.
- Clapping out syllables of a word.
- “Star words”: I, see, the, like, me, in, my, and, up, she, he, went, can, am, come, it, will, go, do, look, you, here, said, are.
- We introduced our next science unit, snails.

## Ask Me

- To read my Cat in the Hat book to you.
- To point out 3D shapes I recognize.
- To write some of my star words.
- To show you how I count by 10s.
- Rhyme with a given word.
- What was my favorite Dr. Seuss book.

*Reminder!*

Please send a baby picture of your Kindergartener to Mrs. Berg for our KinderGARDEN performance this spring.

## Important Dates

Kindness Wednesdays!  
March 20-27 NO SCHOOL Spring Break  
March 30 - Classes Resume

# Noticias de Kinder

Hola familias,

Esta semana celebramos Semana de Lea A través de América. En kinder, leímos muchos libros de Dr. Seuss. Son buenos para practicar las palabras que riman y otras habilidades que practicamos en kinder (¡y son muy divertidas!) Cada día escribimos de los libros que leímos. Esta semana comenzamos nuestra unidad de ciencia aprendiendo de caracoles. Hemos seguido a hablar de figuras, pensando de sus atributos y cómo describirlos. Mientras nuestro clima sigue fluctuando por favor de recordar seguir mandando guantes y gorras, todavía esta frío en el aire libre de la mañana.

¡Que tengan un fin de semana maravilloso!

-Ms. Sherratt

## Esta semana aprendimos sobre...

- respondiendo a cuentos que hemos leído.
- describiendo figuras 2D y 3D por atributos.
- Haciendo una ecuación y dibujando una imagen para corresponder.
  - Aplaudiendo sílabas.
- “Star words”: I, see, the, like, me, in, my, and, up, she, he, went, can, am, come, it, will, go, do, look, you, here, said, are.
- Introducimos nuestra unidad de ciencia, caracoles.

## Pregúntame

- a leer mi libro de Cat in the Hat.
- enseñarte figuras de 3D que reconozco.
- a escribir algunas de nuestras palabras de estrella.
- mostrarte cómo cuento por 10s.
- Rimar con una palabra dada.
- Que fue mi libro favorito de Dr. Seuss.

Por favor manda una foto de bebe de su estudiante a Mrs. Berg para nuestra actualización de la primavera.
