Dear families in Mrs. Bretl and Mrs. Albert's Room:

This letter is to inform you that one of our staff members, Ms Tank has a **severe peanut allergy**. Strict avoidance of peanut products is the only way to prevent a life threatening allergic reaction. We are asking for your assistance in providing Ms Tank with a safe environment.

To reduce the risk of exposure for her, the classrooms will be peanut free. **Please do not send any peanut containing products for your child to eat during snack time in the classroom.** For those students that eat in Mrs. Alberts classroom please avoid sending peanut items in lunches as well. Any exposure to peanuts through contact or ingestion can cause a severe reaction. If your child has eaten peanut products prior to coming to school, please be sure your child's hands have been thoroughly washed before coming to school.

Since lunch is eaten in the cafeteria, your child may bring peanut butter, peanut products for lunch. Following lunch, the children will wash their hands prior to returning to the class/or once back inside.

We appreciate your support of these procedures. If you have any questions please contact me or the school office.

---

Estimadas familias de la sala de la Sra. Bretl y la Sra. Albert:

Esta carta es para informarles de que uno de nuestros miembros del personal, la Sra. Tank tiene una grave alergia a los cacahuets. Evitar estrictamente los productos de cacahuete es la única manera de prevenir una reacción alérgica que ponga en peligro su vida. Le pedimos que nos ayude a proporcionar a la Sra. Tank un entorno seguro.

Para reducir el riesgo de exposición para ella, las aulas estarán libres de cacahuets. Por favor, no envíe ningún producto que contenga cacahuets para que su hijo coma durante la hora de la merienda en el aula.

Para aquellos estudiantes que comen en el salón de la Sra. Alberts, por favor evite enviar productos que contengan cacahuets en los almuerzos también. Cualquier exposición a los cacahuets a través del contacto o la ingestión puede causar una reacción grave. Si su hijo ha comido productos de cacahuets antes de venir a la escuela, por favor asegúrese de que las manos de su hijo se han lavado a fondo antes de venir a la escuela.

Como el almuerzo se come en la cafetería, su hijo puede traer mantequilla de cacahuete, productos de cacahuete para el almuerzo. Después del almuerzo, los niños se lavarán las manos antes de volver a la clase/una vez dentro.

Agradecemos su apoyo a estos procedimientos. Si tiene alguna pregunta, por favor póngase en contacto conmigo o con la oficina de la escuela.
