

# Academic and Career Planning (ACP)

Academic and Career Planning or ACP, is a student-driven, adult-supported process in which students create and cultivate their own unique and information-based visions for post-secondary success, obtained through self-exploration, career exploration, and the development of career management and planning skills.

<b>INFRASTRUCTURE</b>							
Leadership & Culture	Policy & Planning	Professional Development	Individualized ACP Support	Family Engagement	Community Partnerships	Access for All Students	

## Career Clusters

Career Clusters are broad occupational groupings based on a set of common knowledge and skills required for a broad group of careers. Wisconsin has adopted the National 16 Career Clusters that also serve as a tool for organizing curriculum and instruction. Career clusters provide opportunities for all students regardless of their career goals and interests. They are a tool for a seamless educational system that blends rigorous academic/technical preparation, provides career development, offers options for students to experience all aspects of a business or industry, and facilitates/assists students and educators with ongoing transitions. For more information about career clusters, visit <https://dpi.wi.gov/cte/career-development/career-clusters>.
