

Community Learning Center (CLC) Grant Proposal

Luther & Purdy Elementary
2013-2014

Grant Eligibility

- CLC eligibility is for schools that have at least 40% or greater free and reduced lunch populations
- Also for schools that have academic gaps among specific populations
- Luther and Purdy Elementary are going into year four of this five year grant
- Grant monies go to support a broad range of activities that support student achievement in before and after school programs

Objectives of Grant Proposal

- Students will improve their overall literacy and mathematics skills
- Students will participate in a variety of enrichment activities including science, social studies, art, physical education, and volunteer opportunities
- Students and parents will be encouraged to complete literacy- and math-based activities in the home
- Students and families will participate in “Family Nights” that promote health and wellness activities

New Activities for 2013-2014

- After completing a required self-assessment of our CLC program, we will be implementing new elements
- Focus on physical fitness and getting students exercising before the academic power hour
- Emphasis on enrichment activities, including a community service volunteer project
- Implement an "Enhancement Fair" where students can put their products from a variety of enhancement activities on display for their parents to see

Grant Budget Highlights

- The grant application is for \$100,000
- Over \$60,000 going to pay licensed teachers to staff the before, after, and summer school programs
- Of this amount, over \$6,000 going to support teaching enrichment activities
- Over \$23,000 to pay for Boys and Girls Club support staff to work with our students during the school year and summer school block

Questions?

- We are pleased to be going into our fourth year of this grant cycle and have seen great benefit to our learning community due to the services that the Community Learning Center Grant supports.
- Thank you for your support of this grant
