Wireless Infrastructure & Website Challenges

A screenshot of the School District of Fort Atkinson website. The header features the district's logo and navigation links: District Home, Select a School, and Sign In. Below the header is a blue navigation bar with links: Home, Region Map, About Us, Departments, Employment, Parents, Students, Staff, and Calendar. The main content area has a large red circular overlay with the text "Sunrise Embraces Technology" and a subtext: "This template is fully responsive and displays beautifully on smaller devices." To the right of the overlay is a vertical sidebar with icons for search, accessibility, and chat. Below the overlay is a row of six icons: a calendar, an information icon, an email icon, a globe icon, an apple icon, and a hand icon. At the bottom, there is a blue section titled "HEADLINES AND FEATURES" with three circular images.
