

## BOARD POLICY 182

### 182 - Quorum

The Board can legally transact business and take legally binding action only when a quorum (majority of the total membership) of the Board is present.

A quorum of the Board's total membership shall be physically present at the start of and throughout any Board meeting. A Board member participating remotely is not to be counted towards a quorum.

In the absence of a quorum, the Board members present may take measures to obtain a quorum, fix the time to which to adjourn, and to adjourn or to take a recess.
