This is a free app for android users!

Android users:

Download "Simpler Scan" from Google Play

Open the app

Tap the camera icon

Repeat for multiple pages to group pages

Click the checkmark when all pages have been captured

You may adjust the cropping or change from black & white to color

Share the pdf by emailing it to yourself and saving it on your computer

Go to Google Classroom to post it in the assignment. (Don't forget to click "Turn In")

For those of you using an i-phone:

Open "Notes"

Create a new note

Tap the camera icon

Tap scan

Line up your document

Tap the shutter

Repeat for multiple pages to group pages

Save once all pages are captured

Share the pdf by emailing it to yourself and saving it on your computer

Go to Google Classroom to post it in the assignment. (Don't forget to click "Turn In")
